

You Can Beat "Mud Season" This Year!

Are you "Fed Up" with your dirty carpet...but "waiting" for spring?

Hi! My name is Richard Carpenter, owner of ULTRASTEAM Professional Cleaning, and I understand your dilemma. You know that the best deals on cleaning are in the winter...and the holidays left your carpet a mess...but you'd rather not pay again to re-clean the footprints that the kids and dog will make this spring. Well, now you don't have to!

**Enjoy fresh, clean, healthy carpets now -
and get a FREE traffic area touch-up cleaning by May 30th!**

You may have heard of us - we're Durango's only "green" carpet cleaning company, using hypoallergenic cleaning products instead of petrochemicals, and devoting ourselves to providing **you** with the **ultimate** customer service experience! And now, for a limited time, I can provide you with the ultimate deal as well. You see, it's slower for my company this time of year, so I need a few new clients to keep my courteous, uniformed technicians busy. So for every client that has us clean and protect their carpet this February, we'll gladly come by and touch up the traffic areas again by May 30th to send you into summer looking your best!

How to have beautiful, fluffy-soft carpets that stay clean months longer!

First, we'll provide you with our famous "Most Thorough Cleaning Ever" - vacuuming for you, cleaning the edges and corners with a special tool, using rotary-jet extraction on heavily soiled areas and taking extraordinary care of your beautiful home with our cornerguards and entry mats. (If you have pets, ask for our Platinum package, with odor neutralizer and light pet stain removal.) Then, we'll protect the carpet with Scotchgard Protector, to keep it looking good months longer and make spills easier to clean up. You'll get a 7-day "oops-proof" warranty (drop a childog? We'll come back free and clean it up for you!) as well as our one-year spot and spill warranty. But, on top of all that, we'll give you a certificate for one **FREE Traffic Area Cleaning by May 30th!**

Don't Let Dirt Destroy a Work of Art...

A fine hand-woven area rug may have hundreds of artisan hours, not to mention thousands of your dollars invested in it. But over time, sand and dirt collect deep in the pile, grinding away the fibers and wearing it out prematurely. And cleaners who attempt to improperly "surface clean" the rug in your home may cause fiber damage or dye bleeding!

Want a clean, fresh, baby-soft rug?

At RugMasters, we use a specialized rug duster first to remove up to 90% of the dry soil before we wash it. Then we hand-shampoo and cold-rinse the rug, to protect the dyes and fibers. We detail the fringes, speed-dry it and return it to you soft and fresh. And through February, you can choose \$47 off any drop-off order, OR get FREE Pickup and Delivery in the Durango area.
